HOME LEAGUE OF AMERICA—Miss M. A. Williams, representing this remarkably successful charitable organization, was a visitor in Globe last week for the purpose of enlisting the sympathies of the people with the project and soliciting financial aid. It is reported that her mission here was quite successful.

NORTH GLOBE NOTES

Doings of the Week in This Thriving Community

W. S. Crowe is applying a summer coat of paint on his attractive home.

Wm. Mill Williams is absent on business in connection with his mining interests.

Road grading north of the O. D. company's office is employing a large force of men.

The residence of Miss Mary A. Smith, recently damaged by fire, has been fully repaired.

Four new cottages have been built on the west side of Pinal creek, opposite the smelter, during the past fortnight.

Five of the new cottages on the hill south of Poverty gulch are already occupied, forming a colony by themselves.

New buildings are being erected so rapidly in all directions that it is a wise resident who knows his own neighbors.

The new Dunaway cottage near the high trestle is occupied by rooming tenants. Building commenced only three weeks ago.

A new floor is being laid in the office and barroom of the Mountain View House and sundry other improvements will soon be made.

Andre Maurel has completed a new shop and storage building on the site adjoining his proposed new hotel and business block, opposite the Williams store.

Since the subsidence of the water in Pinal creek a number of new crossings have been laid for the greater convenience of pedestrians. A two inch plank twelve feet long just fills the bill.

An important meeting of the citizens of North Globe township will be held in the North Globe school house on Saturday evening, May 27, at 7:30 o'clock. Matters of utmost importance will be discussed.

WILL RE-STOCK RANGE—George T. Peter arrived on Sunday's train from southern California where he spent six months very pleasantly and was much benefited in health. Mr. Peter has decided to restock the lower Tonto range, his herds having been decimated by the drought of last year.

Range conditions were never better than at present and Mr. Peter is of the opinion that there is no better investment than the cattle business in Arizona. His large interests will remain under the management of his nephew, D. J. Peter, while he enjoys a well earned rest. After a short visit here Mr. Peter will return to the coast.

WEDDED AT FORT THOMAS—On May 17, at the Fort Thomas residence of A. C. Alexander, Mrs. C. J. Crox, mother of Mrs. Alexander, and O. N. Crosswell, of Fort Thomas, were married by Judge G. W. Wyatt.

A Private School—Miss Helen Gallagher will open a private school on Monday, May 29, 1905, for one month, at the South Globe school house. All who are interested should see her on Thursday or Friday morning, this week, from 10 to 12 o'clock, at the Fire hall. Terms, \$3 and \$4.

Take a look at that handsome silver loving cup to be presented by the Globe Jewelry Co., as a prize to the best bowler among the ladies. It is a beautiful trophy. Its exhibited in their show window.

BUXTON & MERRITT—Estimates made on all kinds of painting, papering, frescoing, etc. Work guaranteed first class. Leave orders at Van Wagenen's store where they sell all kinds of wall paper, paints, oils, varnishes and brushes.

Diamond sunbursts, cluster and solitaire rings, brooches and pins—a marvelous display of purest gems in artistic settings—at the Globe Jewelry store.

Use Chrisman & Atkeson's patent fly screens and hangers, and you'll have no flies. Shop next to Kellner's lumber yard.

If you have an idea of your own for a special bit of jewelry, go to the Globe Jewelry Co., to have it worked up. If you prefer they will design it for you.

Hints for Painting Metal Roofs, Etc.

For painting metal roofs and other surfaces constantly exposed to the weather, a paint should be used that is absolutely a non-conductor of moisture. Ordinary pigments and linseed oil will allow rust to accumulate and in time the iron rusts, even under the paint.

The action of the air causes the oil to dry out and allows the pigments to blister, crack and peel off, exposing the surfaces to the action of the weather, both wet and dry. We, Conner & Collins, are able to furnish and apply the Arco Elastic Carbon Paint, with a guarantee by the manufacturers that it will wear five years, and do not hesitate to add our endorsement that it will do all that is claimed for it. Let us paint your iron roofs with it. Remember, under the following guarantee:

Guarantee—We guarantee in every instance where our Arco Elastic Carbon Paint is used according to directions, that it will last on a roof for a period of at least five years. Should it not prove as represented, we will furnish free of charge all the paint which may be required to keep the roof in good condition for the stated length of time.

For further information, apply to the Gila Lumber company, or to Conner & Collins, painters, rear of the Gila Valley bank, Globe.
